Redford Webster. Thos. Perkins, Saml. Snelling, Wm. Mackay, Joseph Coolidge, Jon.a Phillips, Saml. May, Henry Bass, Edward Phillips, Joseph Austin, & Sidney King. Esquires ..... 12 being a full Board.

Voted, Whereas the late David Jeffries Esq.r in his Will bequeathed a certain Sum to the Overseers of the Poor, the Interest whereof he directed to be expended on certain articles for the Comfort of the respectable Poor in the alms House, which were not at that time allowed — And, whereas for many Years past articles have been provided, rendering it no longer necessary to seperate the said Interest from the usual Expences of the Poor, likewise as such a distinction & seperation tend to multiply Items in the Accts. less simple —

And, Whereas the late Hon.r Samuel Dexter of Weston bequeathed to the Overseers of the Poor the Sum of $350 — directing the Int.t to be appended in Fuel for the Poor, and whereas the Overseers do distribute Fuel to the needy in the several Wards issuing on the Town Treasurer for the Cost of the same; the Overseers consider the Spirit & Intention of the Donor to be executed without keeping a seperation of this Interest in the Town Accts. — Therefore Resolved, that the Overseers of the Corporation, for the future, pay over to the Master of the alms House, the Interest accruing on the legacies of the said Jeffries & Dexter, & the said master to credit the same in the Accts. of Fuel issued for the Benefit of the Town, in the Books of the Board of Overseers of the Poor & of Alms House ..... Sir

The Trustees of the charitable funds of the Town of Boston, & of John Boylston's donation for the assistance of reduced persons and families not receiving any other public assistance, after a connexion of many years, being now about to seperate, beg leave to express to you, the satisfaction which they have felt in your correct & judicious management of the funds committed to your immediate superintendance as Treasurer of those corporations for twenty four years past, added to the judicious investment of large sums, the Trustees have witnessed the increase of those funds by your extending to them the like care, that you would over your own personal interest, & by your liberality in being almost always in advance to prevent a diminution from any negociation at an unfavorable time. Nor can they forget, that the degree of permanency granted by the indulgence of the Town from time immemorial in admitting the nomination to vacancies at the Board, and the character of the several Treasurers, which insured a correct mercantile superintendance of the funds & accounts, have given confidence to, & have been the means of increasing the bequests of benevolent individuals. A reccurrence to the names of the persons and families who, being reduced from affluence to

poverty, have received some small assistance from this silent & unimportuned charity, at the same time that it would add a melancholy proof of the instability of human prosperity, would shew how much comfort is often conferred by a seasonable continuation of the administration of that benevolence which remains in such public institutions for ages after the founders & often the possessions appropriated to their Children have passed from the notice & memory of man.

The satisfaction of having done well, be your only reward, the Trustees believe that satisfaction will be to you more estimable than other that could be awarded, and they know that in this conveyance of their own, they convey the sentiments & feelings of the whole body of their fellow-citizens.

Gentlemen

The letter subscribed by each of the Gentlemen composing the Board of Overseers of the Poor of the Town of Boston, and of the Trustees of John Boylstons Charitable Donations, which was presented to me last evening was read with such emotions as cannot be easily described. — to have been honored by an unanimous election to the respectable Office of Treasurer to the above Corporations for a succession of Years completing nearly a Quarter of a Century impresses my mind with the most pleasing sensibility, and I would add, that the Indulgence granted in exempting me from attending Several of the ordinary duties of the House has ever been appreciated by me as a peculiar favor. —

The approbation of my conduct which has been so disinterestedly conveyed to me in your Letter, esteem as the most valuable occurrence of my Life, and receive it as an ample & rich Compensation for the services which your kind partiality has seen fit to ascribe to me. —

The Satisfaction of having done well being its own Reward, you will permit me to reciprocate as a remark applicable to each Individual of the

Board, whose sole compensation must be derive
from a conscious rectitude of Intention in the fai
full discharge of the arduous duties imposed on you
by the suffrages of your fellow Townsmen to fill one
of the most important & respectable Situations within
their Gift. ——

May every Blessing, in public or priva
Life ever attend each one of you is the sincere
ardent prayer of.

Gent.n

Your most respectful & Obed.t S
